USTA SUSPENSION POINT SYSTEM: The USTA Suspension Point System applies to participants in all sanctioned tournaments. It can be found in USTA Regulation IV.F. in *Friend at Court*. All players will be assessed suspension points for misconduct, including a withdrawal that is not evidenced by proper written notification, according to the suspension point table in the regulation.

It is very important for players to keep records of emails, suspension point notices, and other information related to the assessment of suspension points. Suspension points can't be appealed when they are assessed, but if a player accumulates enough points to be suspended, a suspension may be appealed and all points contributing to the suspension are reviewed.

SUMMARY OF CHANGES SINCE JANUARY 1, 2025

- Entry fees have been increased for all levels of tournaments - see Table 1.
- Level 5 Championship Tournaments that have 5 entries in a division are now required to play a Round Robin, all matches will be the Best of 3 Short Sets with a 7-Point Match Tiebreak played in lieu of the 3rd set, and a medal is only required as awards for the winner of the Round Robin. See Regulation 8.C.i.
- Level 4 and Level 5 Super Series that have 5 total entries in a division are now required to play a Round Robin, all matches will be the Best of 3 Tiebreak Sets with a 7-Point Match Tiebreak played in lieu of the 3rd set, and a medal is only required as awards for the winner of the Round Robin. See Regulation 8.C.iv.i., Regulation 8.D.iii.h., and Regulation 35 and Table 5.
- Adjustments to the Awards requirements as a result of the requirement that some Level 4 and 5 tournaments will use a Round Robin of 5 have been made. See Regulation 31.

- 1. Rules of Play.** The USTA Regulations set forth in *Friend at Court* and the USTA Junior Tournament, Ranking, and Sanctioned Regulations will govern all aspects of USTA NorCal sanctioned tournaments that count for ranking; *except that* when a USTA NorCal Regulation is different than a USTA Regulation set forth in *Friend at Court*, the USTA NorCal Regulation will govern play. These USTA NorCal Junior Regulations are in conformity with the USTA Junior Tournament, Ranking, and Sanctioned Regulations as required by the USTA.

Regulation 1 Comment: Any USTA Junior National Tournament (Level 1s, Level 2s and National Level 3s) that may take place in NorCal are governed solely by the USTA Regulations set forth in *Friend at Court* and the USTA Junior Tournament, Ranking, and Sanctioned Regulations.

2. Player Eligibility.

- A. USTA Membership Required.** USTA Membership is required to play in USTA NorCal sanctioned junior tournaments.
- B. Mandatory Participation Waiver.** At least annually, a Participation Waiver in the form determined by USTA NorCal, must be submitted to USTA NorCal in order for a player to participate in a USTA NorCal Junior Tournament. A player who does not have a current Participation Waiver on file with USTA NorCal before the start the player's first match will be withdrawn from the tournament for reason of a Personal Circumstance.
- C. Net Generation PlayTracker.** To play in a tournament that counts for junior ranking, players must either be 11 years of age or shall have completed the requirements of the Net Generation PlayTracker.

Regulation 2.C. Comment: The USTA Net Generation Pathway Regulations set forth the requirements that must be met in the Net Generation PlayTracker.
<https://netgeneration.usta.com/us-en/the-net-generation-playtracker.html>

- D. Age Eligibility.** The USTA has adopted a "month of birth" age eligibility rule for junior players competing in USTA sanctioned tournaments (USTA Regulation I.G.3.a.). Junior players may continue to play in the 12, 14, 16 and 18 age divisions until the month they turn 13, 15, 17, or 19, respectively. When a tournament begins in one month and ends in the next, the start date of a tournament will be used to determine age eligibility.
- E. U.S. Citizen and Other Alien Eligibility Requirements.** USTA Regulation IX.C. determines the U.S. citizenship and other alien requirements for:
- playing in Closed Level 3 Tournaments;
 - playing in Open and Closed Level 4 Tournaments; and
 - playing in USTA National Championships, USTA Team Championships (National Team, Intersectionals and Zonals), USTA Level 2 National Tournaments, and USTA National Level 3 Tournaments.

Regulation 2.E. Comment: See Appendix 1 for the U.S. Citizen and Other Alien eligibility requirements.

- F. Residency Requirements.** The USTA Junior Tournament, Ranking, and Sanctioning Regulations set forth the residency requirements for:
- playing in Closed Level 3 Tournaments;
 - playing in Closed Level 4 Tournaments;
 - appearing on a Quota List that is used to select players into certain USTA National Championships; and
 - representing a Sectional Association in a team competition.
- There are no residency requirements to enter and play in any other USTA NorCal junior ranking tournament.

Regulation 2.F. Comment #1: See Appendix 2 for the applicable provisions of the Regulation IV. of the USTA National Junior Tournament, Ranking, and Sanctioning Regulations that govern residency.

Regulation 2.F. Comment #2: The other Sectional Associations sanction junior ranking tournaments and have the same residency requirements. Some Sectional Associations have subdivisions called District Associations, and these Sectional Associations are permitted to hold Closed District Level 5 Tournaments which are not open to players who are residents of USTA NorCal.

C. Tournaments Sanctioned by Other Sectional Associations. All other Sectional Associations will sanction Open Level 4, Level 5, Level 6, and Level 7 Tournaments. So long as these tournaments are designated as Open and therefore have no residency requirement, NorCal players may play in them.

4. USTA Junior Rankings. Players will earn ranking points for competing in Level 1-7 tournaments, regardless of whether they are sanctioned by USTA NorCal, the USTA, or another Sectional Association. The points earned are based on a nationwide junior points per round ranking system as determined by the USTA.

A. National Standings Lists. The USTA will publish National Standings Lists in all age divisions. These lists will be used for seeding and selection of USTA NorCal junior ranking tournaments to the extent described in these Regulations.

- B. Seeding Lists.** The USTA will publish seeding lists for singles and doubles in all age divisions. These lists will be used for seeding USTA NorCal junior ranking tournaments to the extent described in these Regulations.
- C. Quota Lists.** USTA NorCal is guaranteed a minimum Quota of players in all divisions into most USTA National Championships (Level 1). The order of acceptance of NorCal Quota players is published on Quota Lists.

Regulation 4. Comment:

- See Appendix 3 for information on the nationwide junior points per round ranking system.
- See Appendix 4 for information on the criteria for inclusion on and the method of calculating the National Standings Lists.
- See Appendix 5 for information on the criteria for inclusion on and the method of calculating the seeding lists.
- See Appendix 6 for more information on the criteria for inclusion on and the method of calculating the Quota Lists.

5. Ratings.

- A. WTN is Authorized Rating.** USTA NorCal has incorporated the use of ratings into its junior ranking tournament structure to the extent described in these Regulations. Whenever ratings are used, the International Tennis Federation's (ITF) World Tennis Number (WTN) will be used. No other rating system may be used in USTA NorCal junior ranking tournaments.
- B. Ordering of Players in WTN.** When WTN is used in the USTA's Serve Tennis platform, players are ordered using WTN in a manner consistent with the procedures adopted by the USTA for WTN.

Regulation 5.B. Comment #1: The following describes how players are automatically ordered by WTN in the USTA's Serve Tennis platform, which is based on ITF procedures. A Tournament Committee may not change this order unless it is expressly authorized to do so by these Regulations. The ordering is first based on a concept called "Confidence Factor." Confidence Factor uses many statistics including total matches, how current the matches are, total opponents, and the confidence factor of the player's opponents, to determine the reliability of a player's rating. It is next based on the WTN.

1. Players with a dark blue check mark next to their WTN widget (as seen on their USTA Player Profile) have a WTN with the highest level of confidence (70% to 100%) and are ordered first by WTN.
2. Players with a gray check mark next to their WTN widget (as seen on their USTA Player Profile) have a WTN with a lower level of confidence. There are two subsets of players within the gray-check group of players. The first subset are players who have a medium level of confidence (40%-60%). The second subset are players who have a low level of confidence (30% and lower). These players are ordered next as follows:
 - Medium-level confidence players are ordered next by WTN. (A Tournament Committee will identify these players by the light blue check mark that is next to a player's WTN in the Serve Tennis tournament system.)
 - Low-level confidence players are ordered last by WTN. (A Tournament Committee will identify these players by the gray check mark that is next to a player's WTN in the Serve Tennis tournament system.)
3. Within each of the groups (dark blue, light blue, and gray) players are first ordered by their WTNs to the hundredths (although players only see their WTNs to the tenths on their WTN widget) and then by their WTN confidence factor percentage.

Regulation 5.B. Comment #2: USTA NorCal uses WTN for seeding certain Level 3, Level 4, and Level 5 Tournaments as described in these Regulations. When it is used for seeding, only players that have a dark blue check mark are considered for seeding.

- C. Competitive Range.** Competitive Range in WTN refers to the range of players who are considered to be of the same level. The Competitive Range is determined by the USTA and will be published in a Comment in these Regulations.

Regulation 5.C. Comment: The USTA has advised NorCal that the competitive range is +/- 3 among players with the same dark blue, light blue and grey check. For example, two players with light blue checks, one with an 15.0 rating and one with a 18.0 rating, are considered to be the same level of player because there are 3 points or less separation between their WTNs.

- D. Other Use of WTN.** Whenever WTN is used for selection of wild cards or for selection of players to compete on a USTA NorCal team, the applicable selection committee will use WTN in a manner consistent with this Regulation 5.

6. Player Entry.

A. Method of Tournament Entry. Players will enter USTA NorCal junior tournaments by the entry deadline using the online Serve Tennis Registration System.

B. Right of Refusal. After reasonable notice is provided to USTA NorCal stating good cause shown, and subject to the Tournament Committee's exhaustion of all reasonable measures to address the cause including, but not limited to the USTA Suspension Point System, the USTA Zero Tolerance Policy, and the USTA NorCal grievance procedures, the Tournament Committee reserves the right to:

- Refuse to accept a player's entry; or
- After selection of an entry, remove a player from the list of accepted entries or from the draw before the tournament starts,

except that an entry may not be refused based on the basis of race, creed, sexual orientation, color, or national origin, or any other unlawful criteria under federal, state and local law. The removal of a player from the list of accepted entries or a withdrawal of a player in these circumstances this will be classified as a tournament administrative error. Some draws may be limited.

C. Entry Limitations on Players. Players are limited to playing one singles event, one doubles event, and one mixed doubles event per tournament.

If a tournament offers events in more than one Level, for example both Open Level 6 and Open Level 7 singles events, a player may only enter one singles event, not one Open Level 6 singles event and one Open Level 7 singles event.

A player's entries must be in one age division in a tournament *unless* the Tournament Committee has determined otherwise. For example, a player entered in the 14-and-under division in singles must play in the 14-and-under division in doubles, *unless otherwise stated*. If a Tournament Committee allows entries in multiple age divisions, that information will be published to the tournament web page when entries open.

D. Entry In Concurrent Tournaments.

i. General Rule. *Except* as set forth under Regulation 6.D.ii., iii., and iv. below, when entries close, a player cannot be entered in two or more sanctioned tournaments if any parts of the tournaments overlap, unless each Tournament Committee involved understands the situation and concurs in writing. If entries for the overlapping tournaments close on different dates, approval must be received from all Tournament Committees no later than the entry closing date that occurs last. Players who enter a tournament and play it to completion, may then enter another tournament with overlapping dates without permission. A player who is on the alternate list in one tournament is not considered in violation of the Concurrent Tournament Rule if they enter another concurrent tournament; however, once a player accepts a spot in a concurrent tournament, they may not withdraw to play in another concurrent tournament without incurring suspension points for an improper withdrawal, unless they had the written authorization to do so at the time entries closed for both tournaments.

ii. Exceptions to Entering a Concurrent NorCal Junior Tournament and USTA National Junior Tournament. Entries for USTA National Junior Tournaments close approximately 3 weeks and 1 day before the tournament starts and selection for these tournaments happens approximately 3 days after the entry deadline.

- A player that appears on the alternate list for a USTA National Junior Tournament may subsequently enter and be accepted into a NorCal Junior Tournament with overlapping dates. This applies to acceptance into the NorCal Junior Tournament at the time of selection as well as acceptance into the tournament from the alternate list after selection. Such a player may remain on the list of accepted players for the NorCal Junior Tournament and on the alternate list for a USTA National Junior Tournament until midnight on the Sunday prior to the start date of the NorCal Junior Tournament.

Before such time, the player may withdraw from the NorCal Junior Tournament to accept a place in the USTA National Junior Tournament without penalty and the player is entitled to a refund as described in Regulation 25.C.ii.f.

After such time, a player may withdraw from the NorCal Junior Tournament to play in the USTA National Junior Tournament without penalty, but the player will not receive a refund.

- A player that appears on a list of selected players for a USTA Junior National Tournament and subsequently enters and is accepted into an overlapping NorCal Junior Tournament may be assessed suspension points.

iii. Level 3 Sectionals and Level 4 Excellence Exceptions. Players may enter up to two consecutive divisions of the following tournaments:

- Level 4 Excellence Singles & Doubles Tournaments
- Level 4 Excellence Singles-Only Tournaments
- Level 3 Sectional Championships Singles & Doubles Tournaments
- Level 3 Sectional Championships Singles-Only Tournaments

For the purposes of this Rule, consecutive age divisions are: 12s and 14s; 14s and 16s; and 16s and 18s - it does not include: 12s and 16s; and 14s and 18s. The following rules apply to selection of a player entered in two consecutive age divisions - selection is done in descending division order:

- A player that is accepted into the older age division must play in the older age division;

- A player that is accepted into the younger age division must play in the younger age division;
- A player not accepted into either division will appear on the alternate lists of both divisions.
- If an alternate is accepted into a division, it is recommended that they remove themselves from the alternate list of the other division.
- Once a player accepts a spot in a division, they may not withdraw to play in another division without incurring suspension points for an improper withdrawal. The only exception to this is if both divisions are part of the same tournament and moving from one division to the other is permitted by the Tournament Committee and it does not invalidate the seedings.

iv. Entering Two Divisions of an Open Level 4 Super Series and Level 5 Super Series. For the purposes of this Rule, consecutive age divisions are: 12s and 14s; 14s and 16s; and 16s and 18s - it does not include: 12s and 16s; and 14s and 18s. When consecutive divisions are part of the same tournament, concurrent entries in up to two divisions are permitted without written permission; however, players are only eligible to play in one division. *When consecutive divisions are not part of the same tournament*, concurrent entries in more than one division are not permitted without the written permission described in Rule 6.D.i.

F. Entry Deadlines. Table 2 sets for the entry deadlines.

G Late Entries. A tournament entry received after the entry deadline is a Late Entry.

- The Tournament Committee determines whether it will receive Late Entries.
- Late Entry Order: Late Entries are ordered based on the time they are received. Late Entries received at the same time are ordered randomly. Late Entries are never ordered based on standing or Rating.
- If the Tournament Committee is able to accept more players or teams into an event than have entered by the deadline, the Late Entries are accepted in Late Entry Order.
- If an event has an alternate list, Late Entries are placed on the alternate list after the timely entries in Late Entry Order.
- **Before the draw is published**, a Late Entry may replace a withdrawing player or team; however, the Tournament Committee must make changes to the seeding if required by the acceptance of the Late Entry to ensure that the seeding has not been invalidated. Similarly, before the draw is published, changes may need to be made to flighting of a Ratings Round Robin, a Level 4 Super Series, and a

Level 5 Super Series to ensure players of similar ability are grouped together.

- **After the draw is published**, a Late Entry may replace a withdrawing player or team *only if* the replacement does not
 - Invalidate the seeding; or
 - Result in a Ratings Round Robin with a Late Entry who has a rating that has a WTN better than AND beyond the Competitive Range of the other players in the round robin. See Regulation 5.C. for information on Competitive Range.

Regulation 6.G. Comment #1: The phrase “invalidate the seeding” refers to a circumstance when an alternate, typically a Late Entry, who would have been seeded had the alternate been accepted into the draw before the draw was made, is the #1 alternate and a player in the event withdraws. The only time acceptance of such an alternate is permitted is when the withdrawing player is a seed and the alternate is either the same seed as the withdrawing seed, or within the seeding group of the withdrawing seed. For example:

- If the withdrawing player is the #1 seed and the Late Entry would be the #1 seed, the Late Entry can be accepted because the Late Entry will be the same seed as the withdrawing player. The same example applies to the #2 seed.
- If the withdrawing player is the #3 seed or #4 seed and the Late Entry will either be the #3 or #4 seed, the Late Entry can be accepted onto the line vacated by the withdrawing seed because the #3 and #4 seeds are randomly drawn to two specified draw lines. Any required adjustment to the seed numbering must be made.
- If the withdrawing player is a #5 seed and the Late Entry will be in the #5 to #8 seeding group, the Late Entry can be accepted onto the line vacated by the withdrawing seed because the #5 through #8 seeds are randomly drawn to four specified draw lines. If seeds are listed numerically from #5 to #8, any required adjustment to the seed numbering must be made. This same principle applies to the #9-#16 seed group.

Additionally, if a seed withdraws and an alternate is put in on the seed’s line, the seeding is not invalidated, and the numbers of the remaining seeds do not change.

Regulation 6.G. Comment #2: The term “onsite alternate” is often used to describe either a player or team on the alternate list who has not yet been accepted into the tournament, but has shown up at the tournament with the hope of getting into the tournament if there is a last-minute withdrawal.

A player or team who has not previously entered and does not appear on the alternate list may also show up at the tournament site with similar hopes. These players/teams are also “onsite alternates;” however they are Late Entries and are placed at the bottom of the alternate list in the Late Entry Order.

- H. Player Withdrawal.** A withdrawing player must immediately notify the Tournament Committee or Referee by telephone, electronic communication, or in person that the player will not be playing. The Tournament Committee may specify the preferred method of communication and posted it to the tournament website. A withdrawing player is not guaranteed an entry fee refund. See Regulation 25.C.
- i. Excused Withdrawal.** A player’s withdrawal from a tournament after entries close will be excused if it is for previously authorized entry into another tournament, or it is for illness, injury, or personal circumstance that meets the requirements listed below.
- a. Injury or Illness.** If the player is not playing because of an injury or illness, the player will deliver written verification of the injury or illness from a medical professional to the Referee no later than the last scheduled day of the tournament.
 - b. Personal Circumstance.** If the player is not playing because of a personal circumstance, the player will deliver a written description of the situation to the Referee no later than the last scheduled day of the tournament. The Referee will determine whether the situation is a personal circumstance.
- The Tournament Committee may waive these written verification requirements:
- If it has reasonable information to determine that the player is withdrawing for the reason stated;
 - The withdrawal is received before players are selected; and
 - If, the withdrawal is related to air quality or COVID-19 - see Regulation 34.
- Additionally, the Tournament Committee, at its sole discretion, may permit additional time for the written verification to be delivered.
- ii. Unexcused Withdrawal.** If a player withdraws for a reason that does not meet the requirements of an excused withdrawal, the withdrawal is considered unexcused. An unexcused withdrawal will result in the assessed suspension points pursuant to the USTA Suspension Point System.

7. Deadlines for Tournament Entry, Tournament Selection, and Publication of Draws.

- A. Entry Deadlines.** Table 2 sets forth the deadlines for players to submit a timely entry. See Regulation 6.G. for information on Late Entries.

5 When a tournament is held over two weekends, the start times for the second weekend will be published the of days in this column before the start of the second weekend of the tournament.				

- 8. USTA NorCal Junior Ranking Tournament Descriptions.** The regulations below describe the USTA NorCal junior tournaments that count for ranking. All events will use a yellow ball on a 78' court and a player's racquet may not exceed 29" in length.

A. Open Level 7 Tournaments. Open Level 7 Tournaments:

- offer intermediate competition in the 12, 14, 16 and 18 divisions;
- earn Level 7 Ranking Points based on results in these tournaments; and
- are open to all players, regardless of their citizenship or residency.

Singles-only tournaments, doubles-only tournaments, mixed doubles-only tournaments and tournaments with singles, doubles, and/or mixed doubles events may be held.

- i. **Sanction Period.** The tournament may be sanctioned for one or two days; however, players may not compete in the tournament for a period longer than one day.

- ii. **Maximum Number of Rounds.** Each draw will have a maximum of four rounds; no player will earn ranking points for playing more than four matches in an event.

Regulation 8.A.ii. Comment: When more than one event is offered, such as singles, doubles, and/or mixed doubles, the maximum number of rounds is per event, not per tournament. For example, a player that plays in singles and doubles can play four rounds of singles and four rounds of doubles. Additionally, when a team format is played and a Team Match consists of a player

playing singles and doubles and/or mixed doubles, a player can play up to four matches of singles, four matches of doubles, and/or four matches of mixed doubles.

iii. Minimum Number of Matches.

a. Singles Events. Each player will play at least three singles matches, and no more than four, in Singles-Only Tournaments.

b. Doubles Events.

(1) Doubles-Only Tournaments. Each player will play at least three doubles matches, and no more than four doubles matches.

(2) Tournaments with Singles and Doubles Events. Each team will play at least one doubles match, and no more than four doubles matches. A match won by withdrawal, walkover, default, or retirement is considered a match for the purposes of meeting the minimum guaranteed match requirement. A bye is not considered a match.

See Regulation 14 for options on combining events with 3 or fewer players/teams.

iv. Match Formats. Ad scoring will be used.

a. Singles Match Format. All matches will be one 6-game set with a 7-point Set Tiebreak at 6 games all.

b. Doubles and Mixed Doubles Match Format When Singles Offered as Part of Tournament: All matches will be one Short Set with a 7-point Set Tiebreak at 4 games all.

c. Doubles and Mixed Doubles Match Format When Singles Not Offered as Part of Tournament: All matches will be one 6-game set with a 7-point Set Tiebreak at 6 games all.

See Regulation 21 for information on shortening match formats in the event of inclement weather, health concerns, or safety concerns.

v. Draw Formats Permitted. The draw must be one of the following formats:

a. Round Robin. One of the following round robin formats may be used:

- One round robin of 4 or 5 players may be used.
- One round robin of more than 5 players may be used whereby all players have the same number of matches, but not every player plays every other player in the round robin draw, and players play the minimum of 3 or maximum of 4 matches.
- An event may be separated into two or more round robin draws, *provided that* all round robins have the same number of players (a minimum of 4 and a maximum of 5). Players will be waterfalled into each draw using the most recently published National Standings List. Regardless of whether there is a draw limit stated on the tournament website, if the number of entered players is not divisible by the draw size for each round robin (4 or 5, depending on what has been chosen by the Tournament Committee), not all players that enter will be selected.

b. Team Format. Any team format that provides the minimum number of matches required and does not exceed the maximum number of matches may be used. If the format allows for the tournament to separate players onto teams, players will be waterfalled using the most recently published National Standings List.

c. Single Elimination. The single elimination format may only be used for doubles and mixed doubles events when singles events are offered as part of the same tournament.

vi. Limited Draws.

a. Limited Draws Permitted with Publication Requirements. The draw size(s) may be limited by the Tournament Committee, but the draw limits in numbers of players and/or teams must be published to the website by the time entries open.

b. Selection of Players for Singles.

i. Wild Cards. The Tournament Committee may select players to receive wild cards in each age division up to the following maximum: 1 wild card when 16 or fewer total players are selected for an age division; 2 wild cards when 17 to 32 total players are selected for an age division; 4 wild cards when 33 or more players are selected for an age division. These limits are based on players selected for each age division - for example, Girls' 14 singles, not the entire 14 division comprised of Boys' and Girls' 14s players. The Tournament Committee will determine the criteria for selecting the wild card players.

ii. Bottom-Up Selection. All other players will be selected as follows: Players without a standing will be selected first and then players will be selected from the bottom up of the most recently published National Standings List of the division.

c. Selection of Teams for Doubles and Mixed Doubles When Singles Offered as Part of Tournament. Teams will be selected as set forth in Regulation 12.A. and C. after the Doubles Partner Notification Deadline (see Table 2).

d. Selection of Teams for Doubles-Only and Mixed Doubles-Only Tournaments. Teams will be selected after the Doubles Partner Notification Deadline (see Table 2) as follows:

i. Wild Cards. The Tournament Committee may select teams to receive wild cards in each age division up to the following maximum: 1 wild card when 16 or fewer total teams are selected

for an age division; 2 wild cards when 17 to 32 total teams are selected for an age division; 4 wild cards when 33 or more teams are selected for an age division. These limits are based on teams selected for each age division - for example, Girls' 14 doubles, not the entire 14 division comprised of Boys' and Girls' 14s doubles. The Tournament Committee will determine the criteria for selecting the wild card players.

- ii. **Bottom-Up Selection.** The Individual Doubles Seeding List of the division will be used for bottom-up selection. Teams will be selected as follows: Teams comprised of players without a standing will be selected first. Remaining teams will be selected in the order described below.

- first, teams with one player on the Individual Doubles Seeding List and one that is not will be selected based on lowest standing of the one player on the Individual Doubles Seeding List of the division; and
- second, on lowest combined standings using the most recently published Individual Doubles Seeding List of the division – see Regulation 12.E. for the procedure to calculate the combined standing of a team.

If there is a tie, the team with the player that has the lowest doubles standing on the list shall be selected first.

- e. **Alternates.** All players and teams not selected will be placed on Alternate Lists that are ordered using the same methods of selecting players or teams into the tournament. The Alternate Lists will be used to replace players and teams who withdraw from the main draw. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry that invalidates the seeding.

- f. **Replacement of Withdrawing Teams in Doubles-Only and Mixed Doubles-Only Tournaments.** Because players are selected for the tournament as part of a team, the withdrawal of one player after the entry deadline is effectively the withdrawal of a team. When there are no alternate teams, the remaining player may find another partner, *except that* if this happens after the draws are published, the new team may not invalidate the seedings.

- vii. **Doubles Partner Not Required by Entry Deadline.** Entry with a partner into a doubles or mixed doubles event is not required by the entry deadline - see Table 2 for Doubles Partner Notification Deadline and Regulation 11 for option of Tournament Committee to randomly pair players without partners.

- viii. **Seeding.** Singles events will be seeded as described forth in Regulation 13.B.i. Doubles and mixed doubles events will be seeded as described in Regulation 13.B.ii.

- ix. **Special Tennis Ball Re-Use Provisions.**

- a. **Singles-Only and Doubles-Only Tournaments.** One can of balls will be used on each tennis court for the duration of the tournament.

- b. **Tournaments with Singles and Doubles Events.** One can of balls will be used on each tennis court for singles matches; one can of balls will be used on each tennis court for doubles matches.

- B. **Open Level 6 Tournaments.** Open Level 6 Tournaments offer:

- offer intermediate competition in the 12, 14, 16 and 18 divisions;
- earn Level 6 Ranking Points based on results in these tournaments; and
- are open to all players, regardless of their citizenship or residency.

- i. **Sanction Period.** Tournaments will be held over a 1 or 2-day sanction period.

- ii. **Minimum Number of Matches.**

- a. **Singles Events.** Each player will play at least two singles matches, and no more than four singles matches, *except that* in a Feed-In Championship a player may play a fifth match in order for their opponent to play a fourth match.

- b. **Doubles Events.**

- (1) **Doubles-Only Tournaments.** Each player will play at least two doubles matches, and no more than four doubles matches, *except that* in a Feed-In Championship format a team may play a fifth match in order for their opponent to play a fourth match.

- (2) **Tournaments with Singles and Doubles Events.** Each team will play at least one doubles match, and no more than four doubles matches, *except that* in a Feed-In Championship format a team may play a fifth match in order for their opponent to play a fourth match.

A match won by withdrawal, walkover, default, or retirement is considered a match for the purposes of meeting the minimum guaranteed match requirement. A bye is not considered a match.

See Regulation 14 for options on combining events with 3 or fewer players/teams.

Regulation 8.B.ii. Comment: If a player or team plays a fifth match, the player will only earn ranking points for four rounds. If players have played four matches, it is possible that the final round of the consolation will not be played.

- iii. **Traditional Draw Format.** Open Level 6 Tournaments with traditional draw formats are those that use standings to select and seed players and meet the parameters listed below.

- a. **Events Offered.** Singles-only tournaments, doubles-only tournaments, mixed doubles-only tournaments and tournaments with singles, doubles, and/or mixed doubles events may be held.
- b. **Doubles Partner Not Required by Entry Deadline.** Entry with a partner into a doubles or mixed doubles event is not required by the entry deadline - see Table 2 for partner notification deadline and Regulation 11 for option of Tournament Committee to randomly pair players without partners.
- c. **Draw Formats Permitted.**
 - (1) **Round Robin.** One of the following round robin formats may be used:
 - One round robin of 3 or 4 players may be used.
 - An event may be separated into two or more round robin draws, *provided that* all round robins have the same number of players (a minimum of 3 and a maximum of 4). Players will be waterfalled into each draw using the most recently published National Standings List. Regardless of whether there is a draw limit, if the number of entered players is not divisible by the draw size for each round robin (3 or 4, depending on what has been chosen by the Tournament Committee), not all players that enter will be selected.
 - (2) **Feed-In Championship.** One of the following Feed-In Championship formats may be used:
 - A draw of 5-8 players must use a Modified Feed-In Championship (the playoff for third place is the consolation final).
 - A draw of 9-16 players must use a Feed-In Championship through the Quarterfinals with a playoff for third place.

An event may be separated into multiple draws, *provided that* players are waterfalled into each draw using the most recently published National Standings List, and the draw size must have the same number of draw lines. For example, an event may be separated into a draw of 5 players and a draw of 6 players (two draws of 8 lines with byes); but an event may not be separated into a draw of 8 players and a draw of 9 players because this results in a draw of 8 and a draw of 16 with byes.

An event also may not be separated into a Feed-In Championship draw and a Round Robin draw; the draw formats must be the same.

Regardless of whether there is a draw limit stated on the tournament website, if the number of players entered does not permit separation of players into more than one event as described in this regulation, not all players that enter will be accepted.
 - (3) **Team Format.** Any team format that provides the minimum number of matches required and does not exceed the maximum number of matches permitted may be used. If the format allows for the tournament to separate players onto teams, players will be waterfalled using the most recently published National Standings List.
 - (4) **Single Elimination.** The single elimination format may only be used for doubles and mixed doubles events when singles events are offered as part of the same tournament.
- d. **Match Formats.** Ad scoring will be used.
 - (1) **Singles Main Draw and Round Robin; Doubles Main Draw and Round Robin in Doubles-Only Tournaments:** Best of 3 Tiebreak Sets (6 game sets) with a 10-Point Match Tiebreak played in lieu of the 3rd set. If the score in the set reached 6 games all, a 7-point Set Tiebreak will be played.
 - (2) **Singles Consolation, Doubles Consolation in Doubles-Only Tournaments, and All Doubles Matches in Tournaments when Singles Also Held:** Best of 3 Short Sets (4-game sets) with a 7-point Match Tiebreak played in lieu of a 3rd Set. If the score in the Short Set reaches 4 games all, a 7-point Set Tiebreak will be played.
 - (3) **Special Provision for Team Tournament Match Formats.** Shorter match formats than are described in Regulation 8.B.iii.d.(1) and (2) above may be used, *provided that* the formats are approved by USTA NorCal at the time the tournament is sanctioned, and the format is permitted by the USTA.

See Regulation 21 for information on shortening match formats in the event of inclement weather, health concerns, or safety concerns.
- e. **Limited Draws.**
 - (1) **Limited Draws Permitted with Publication Requirements.** The draw size(s) may be limited by the Tournament Committee, but the draw limits in numbers of players and/or teams must be published to the website by the time entries open.
 - (2) **Selection of Players for Singles.** Players will be selected in the order their names appear on the most recently published National Standings List of the division, *except that* the Tournament Committee may select players to receive wild cards in each age division up to the following maximum: 1 wild card when 16 or fewer total players are selected for an age division; 2 wild cards when 17 to 32 total players are selected for an age division; 4 wild cards when 33 or more players are selected for an age division. These limits are based on players selected for each age division - for example, Girls' 14 singles, not the entire 14 division comprised of Boys' and Girls' 14s players. The Tournament Committee will

determine the criteria for selecting the wild card players.

- (3) Selection of Teams for Doubles and Mixed Doubles Events When Singles Offered as Part of Tournament.** Teams will be selected as set forth in Regulation 12.A. and C. after the Doubles Partner Notification Deadline (see Table 2).
- (4) Selection of Teams for Doubles-Only and Mixed Doubles-Only Tournaments.** Teams will be selected as set forth in Regulation 12.B. and C. after the Doubles Partner Notification Deadline (see Table 2) , *except that* the Tournament Committee may select teams to receive wild cards in each age division up to the following maximum: 1 wild card when 16 or fewer total teams are selected for an age division; 2 wild cards when 17 to 32 total teams are selected for an age division; 4 wild cards when 33 or more teams are selected for an age division. These limits are based on players selected for each age division - for example, Girls' 14 singles, not the entire 14 division comprised of Boys' and Girls' 14s players. The Tournament Committee will determine the criteria for selecting the wild card players.
- (5) Alternates.** All players and teams not selected will be placed on Alternate Lists that are ordered using the same methods of selecting players or teams into the tournament. The Alternate Lists will be used to replace players and teams who withdraw from the main draw. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry that invalidates the seeding.
- (6) Replacement of Withdrawing Teams in Doubles-Only and Mixed Doubles-Only Tournaments.** Because players are selected for the tournament as part of a team, the withdrawal of one player after the entry deadline is effectively the withdrawal of a team. When there are no alternate teams, the remaining player may find another partner, *except that* if this happens after the draws are published, the new team may not invalidate the seedings.
- f. Seeding.** Singles events will be seeded as described forth in Regulation 13.B.i. Doubles and mixed doubles events will be seeded as described in Regulation 13.B.ii.
- iv. Ratings Round Robin Format.** Open Level 6 Ratings Round Robins are level-based tournaments that group players with similar ability into 4-player round robins using Ratings, regardless of a player's age. The draws will therefore all be designated as 18 division events.

 - a. Singles Draw.**

 - (1) Draw Size.** The maximum draw size will be determined by the Tournament Committee. The total number of accepted players per division must be divisible by 4. Regardless of whether there is a draw limit, if the number of entered players is not divisible by 4, not all players that enter will be accepted.
 - (2) Round Robin Singles Draw.** All singles draws will be 4-player round robins.
 - (3) Player Selection.** Players will be selected using the most recently available WTNs and in an order that selects the best rated players (See Regulation 5.B. for information on ordering players) , *except that* the Tournament Committee may select players to receive wild cards in each age division up to the following maximum: 1 wild card when 16 or fewer total players are selected for an age division; 2 wild cards when 17 to 32 total players are selected for an age division; 4 wild cards when 33 or more players are selected for an age division. These limits are based on players selected for each age division - for example, Girls' 14 singles, not the entire 14 division comprised of Boys' and Girls' 14s players. The Tournament Committee will determine the criteria for selecting the wild card players.
 - (4) Flighting.** Accepted players will be flighted into 4-player round robin draws using the same WTNs used to select players, so that players with similar WTNs are in each round robin draw. (See Regulation 5.B. for information on how players are ordered.)
When siblings are flighted into the same round robin, the Tournament Committee may move one of the siblings to the higher or lower round robin provided the player replacing the sibling has a WTN that has the same color check mark and is within the player's WTN competitive range (See Regulation 5.C. for information on competitive range).
 - (5) Alternates.** All players not selected will be placed on an Alternate List that is ordered using the WTNs used to select players. The Alternate List will be used to replace withdrawing players. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry.
 - b. Doubles Draw Format; Doubles Required.** The four players in each round robin draw will be randomly paired into two doubles teams and will play one doubles match. Participation in doubles is required.
 - c. Match Formats.** No-Ad Scoring is not permitted.

 - (1) Singles Match Format:** All matches will be the Best of 3 Tiebreak Sets (6-game sets) with a 10-point Match Tiebreak played in lieu of a 3rd set. If the score in the set reached 6 games all, a 7-point Set Tiebreak will be played.
 - (2) Doubles Match Format:** All matches will be the Best of 3 Short Sets (4-game sets) with a 7-point Match Tiebreak played in lieu of a 3rd Set. If the score in the Short Set reaches 4-

games, a 7-point Set Tiebreak will be played.

See Regulation 21 for information on shortening match formats in the event of inclement weather, health concerns, or safety concerns.

C. Level 5 Tournaments. Level 5 Tournaments:

- offer advanced competition in the 12, 14, 16 and 18 divisions;
- earn Level 5 Ranking Points based on results in these tournaments; and
- are Open to all players, regardless of their citizenship or residency, unless they are designated as Closed in the title.

i. Level 5 Championship Singles & Doubles Tournaments.

a. Sanction Period; Number of Concurrent Tournaments.

(1) Singles-Only Tournaments. Up to three concurrent Level 5 Championship Singles-Only Tournaments may be held over a 2 to 3-day sanction period.

(2) Singles & Doubles Tournaments. Up to three concurrent Level 5 Championship Singles & Doubles Tournaments may be held over a 2-3-day sanction period.

Regulation 8.C.i.a.(2). Comment: Level 5 Championship Singles & Doubles Tournaments may be sanctioned for a Saturday to Monday date block (if a 3-day sanction period is chosen) during periods when school is in session. Players should not enter a 3-day sanctioned tournament if they are not able to play on Monday and players that do so may be assessed suspension points.

b. Singles Draw Size and Format. Each singles draw size is limited to 16 players, *except that*

(1) If only one Level 5 is held, the draw size may be 32 players; or

(2) If at the time entries close:

- A division receives at least 24 entries, and
- The tournament has enough courts,

the draw size may be expanded to 24 players, *provided that* prior approval has been given by USTA NorCal.

A Feed-In Championship through the Quarterfinals with a playoff for 3rd place will be played when the draw size is 16 players. A Modified Feed-In Championship that feeds in the first two rounds of losers into the consolation and a playoff for 3rd place will be played when the draw size is 24 or 32 players. If 8 or fewer entries are received, the following draws will be played:

- If 6-8 entries are received, A Feed-In Championship through the Quarterfinals with a playoff for 3rd place will be played.
- If 3, 4, or 5 entries are received, a Round Robin will be played.
- If 1-2 entries are received, the event will be cancelled. Players in cancelled events must be given the opportunity to play another singles event in the tournament that is not full. The Tournament Director must notify the affected players by email or telephone message immediately after entries close and are permitted to set a deadline for a player to accept or decline. Players that decline to play will not be penalized and will not be selected for the tournament. See Regulation 25.C.ii.e. for information on entry fee refunds.

Regulation 8.C.i.b. Comment: If applicable, it is recommended that Tournaments post on the website that there is a possibility the draw size will be expanded from 16 to 24 players; however, this is not required for the draws to be expanded.

c. Singles Selection Process and Alternate List. Players will be selected in the order their names appear on the National Standings List of the division published on Wednesday following the entry deadline. All players not selected will be placed on an Alternate List that is ordered using the same list used to select the players. The Alternate List will be used to replace players that withdraw from the main draw. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry that invalidates the seeding.

Regulation 8.C.i.c. Comment: If a Level 5 Championship Singles & Doubles Tournament has a delayed entry deadline because it is concurrent with a Level 3 or 4 Tournament, the most recently published National Standings List as of the entry deadline will be used.

d. Doubles. When doubles is offered as part of a tournament that offers singles, the following provisions will apply to the doubles events:

(1) Draw Size and Format. Each doubles draw size is limited to 8 teams, *except that*

- If the singles draw size is 32 players, the doubles draw size is limited to 16 teams; or
 - If the singles draw size is 24 players, the doubles draw size is limited to 12 teams
- A single elimination draw with a playoff for 3rd place will be played.

(2) Doubles Partner Not Required by Entry Deadline. Entry with a partner in the doubles event is not required by the entry deadline - see Table 2 for Doubles Partner Notification Deadline and Regulation 11 for option of Tournament Committee to randomly pair players

without partners.

- (3) Doubles Selection Process.** Teams will be selected as set forth in Regulation 12.A. and C. after the Doubles Partner Notification Deadline (see Table 2). All teams not selected will be placed on Alternate Lists that are ordered using the same method of selecting teams into the tournament. The Alternate Lists will be used to replace teams that withdraw from the main draw. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry that invalidates the seeding.
 - e. Match Formats.** Ad scoring will be used.

 - (1) Singles Main Draw, Playoff for 3rd Place, and Round Robin:** Best of 3 Tiebreak Sets (6 game sets) with a 10-point Match Tiebreak played in lieu of a 3rd set. If the score in a set reaches 6-games all, a 7-point Set Tiebreak will be played.
 - (2) Singles Consolation and Doubles:** Best of 3 Short Sets (4 game sets) with a 7-point Match Tiebreak played in lieu of a 3rd Set. If the score in the Short Set reaches 4-games, a 7-point Set Tiebreak will be played.

See Regulation 21 for information on shortening match formats in the event of inclement weather, health concerns, or safety concerns.
 - f. Seeding.** Singles events will be seeded as described forth in Regulation 13.B.i. Doubles events will be seeded as described in Regulation 13.B.ii.
- ii. Level 5 Championship Doubles-Only and Mixed Doubles-Only Tournaments.**

 - a. Sanction Period.** Level 5 Championship Doubles-Only and Mixed Doubles-Only Tournaments will be held over a 2-day sanction period.
 - b. Doubles Partner Not Required by Entry Deadline.** Entry with a partner into a doubles or mixed doubles event is not required - see Table 2 for Doubles Partner Notification Deadline and Regulation 11 for option of Tournament Committee to randomly pair players without partners.
 - c. Draw Size and Format.**

 - (1) Weekend Tournaments.** When a tournament is sanctioned over a weekend, each doubles draw size will be limited to 32 teams. When 27 or fewer entries are received, teams will be selected and placed on an alternate list as set forth in Regulation 36. A compass draw format with a playoff for 3rd place will guarantee each team three matches (except when 7 or fewer entries are received, as described in Regulation 36):

 - Non-main draw compass draw brackets with teams that have won their third match will be played out to completion.
 - *Except that*, if there are byes in the draw, teams that have lost their third round will play one or more additional rounds if playing that additional round guarantees either that team or its opponent a third match.
 - (2) Singles Round Robins of 5 Players:** Best of 3 Short Sets (4 game sets) with a 7-point Match Tiebreak played in lieu of a 3rd Set. If the score in the Short Set reaches 4-games all, a 7-point Set Tiebreak will be played.
 - (3) Mid-Week Tournaments.** When a tournament is sanctioned mid-week (not on a Saturday to Sunday date block), each doubles draw size will be limited to 16 teams. When 13 or fewer entries are received, teams will be selected and placed on an alternate list as set forth in Regulation 36. A compass draw format with a playoff for 3rd place will be played (except when 7 or fewer entries are received, as described in Regulation 36).
 - d. Match Format.** Ad scoring will be used. All matches will be the Best of 3 Short Sets (4 game sets) with a 7-point Match Tiebreak played in lieu of a 3rd Set. If the score in a Short Set reaches 4-games all, a 7-point Set Tiebreak will be played. See Regulation 21 for information on shortening match formats in the event of inclement weather, health concerns, or safety concerns.
 - e. Selection Process and Alternate List.** Teams will be selected as set forth in Regulation 12.B. and C. after the Doubles Partner Notification Deadline (see Table 2). All teams not selected will be placed on Alternate Lists that are ordered using the same methods of selecting teams into the tournament. The Alternate Lists will be used to replace teams that withdraw from the main draw. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry that invalidates the seeding.
 - f. Replacement of Withdrawing Teams.** Because players are selected for the tournament as part of a team, the withdrawal of one player after the entry deadline is effectively the withdrawal of a team. When there are no alternate teams, the remaining player may find another partner, *except that* if this happens after the draws are published, the new team may not invalidate the seedings.
 - g. Seeding.** Doubles and mixed doubles events will be seeded as described in Regulation 13.B.ii.
- iii. Level 5 Dominant Duo Team Tournaments.**

 - a. Sanction Period.** Level 5 Dominant Duo Team Tournaments will be held over a 2-day sanction period.
 - b. Draw Format, Draw Size and Team Match Description.** Sixteen (16) 2-player teams will be selected for each division as described below. When 13 or fewer entries are received, teams will be selected and placed on an alternate list as set forth in Regulation 36.

A compass draw format with a playoff for 3rd place will be played (except when 7 or fewer entries are received, as described in Regulation 36).

Each Team Match consists of 1 doubles match followed by 2 singles matches. The two players from each team with the highest ranking as of the time selection is done will play in the #1 position; the remaining two players from each team will play in the #2 position. The team that wins 2 out of the 3 matches wins the Team Match and advances in the draw.

- c. **Team Entry Required by Deadline.** Only players that are entered as a doubles team at the time of the entry deadline will be considered for selection. Players may enter prior to the deadline without a partner, but notice to the Tournament Committee by email from both players is required by the entry deadline to be considered entered as a team. The Tournament Committee will use its best efforts to assist players in finding partners; however, forming a team by the entry deadline is the sole responsibility of the players.
- d. **Selection Process and Alternate List.**
 - (1) **Up to One Wild Card.** Up to one wild card may be awarded by the Wild Card Committee from among the timely team entries. The Wild Card Committee is comprised of two members of the NorCal Junior Staff and Chair of Junior Council. The wild card does not have to be awarded.
 - (2) **Remaining Teams Based on Combined Standing.** The remaining spots in the draw will then be filled with teams using the procedure described in Regulation 12.C.
 - (3) **Alternates.** All teams not selected will be placed on an Alternate List that will be ordered using the procedure described in Regulation 12.C. The Alternate List will be used to replace teams that withdraw from the main draw. See Regulation 6.G. regarding requirements and restrictions related to the acceptance of a Late Entry that invalidates the seeding.
- e. **Replacement of Withdrawing Teams.** Because players are selected for the tournament as part of a team, the withdrawal of one player after the entry deadline is effectively the withdrawal of a team. When there are no alternate teams, the remaining player may find another partner, *except that* if this happens after the draws are published, the new team may not invalidate the seedings.
- f. **Seeding.** Teams will be seeded as described in Regulation 13.C.
- g. **Match Format.** Ad scoring will be used. All matches will be the Best of 3 Short Sets (4 game sets) with a 7-point Match Tiebreak played in lieu of a 3rd Set. If the score in the Short Set reaches 4-games all, a 7-point Set Tiebreak will be played. See Regulation 21 for information on shortening match formats in the event of inclement weather, health concerns, or safety concerns.
- iv. **Level 5 Super Series.** Level 5 Super Series Tournaments are level-based singles tournaments offered in all age divisions. Players with similar ability are flighted into 8-player compass draws.
 - a. **Sanction Period.** Level 5 Super Series will be held over a 2-day sanction period.
 - b. **Draw Size and Type.** Up to 32 total players per age division will compete in each Super Series. Players will be flighted into draws of 8 as described below. The draw format will be a compass draw with a playoff for 3rd place, *except that* when 13 or fewer entries are received, the draw format will be as set forth in Regulation 35.
 - c. **Number of Concurrent Tournaments.** One Level 5 Super Series may be held in a date block.
 - d. **Selection Process and Alternate List.** When 32 or more entries are received in a division, the best 32 rated players with timely entries will be selected for each division using WTN. When fewer than 32 entries are received, players shall be selected and placed on an alternate list as set forth in Regulation 35.
 - e. **Selection of Players with Concurrent Entries When More than One Division is Part of Same Tournament.** When more than one age division is part of the same tournament, selection will be done in descending division order (18 division, followed by 16 division, followed by 14 division, followed by 12 division). The following rules apply to selection of a player entered in two consecutive age divisions that are part of the same tournament:

 - (2) **Late Entries.** See Regulation 6.G. regarding discretion, requirements and restrictions related to the acceptance of a Late Entry.
 - (3) **Replacement of a Withdrawing Player After Draws Published.** When a player withdraws after the draws are published, the withdrawing player will be replaced with the next player on the Alternate List, regardless of the player's WTN, unless the acceptance would invalidate the seeding. 9. Consolation Matches. Players are required to play consolation matches (including all Compass Draw matches), if offered.

10. Website Posting Requirements.

A Tournament Committee may elect to randomly pair any player entered in doubles without a partner after the applicable Doubles Partner Notification Deadline (See Table 2 for Doubles Partner Notification Deadline) provided that a statement that this will take place is published on the tournament website by the time entries open. If random pairings will take place, players entered in doubles without a partner that do not desire to play doubles must notify the Tournament Committee of their desire to withdraw from doubles (without penalty) by the Doubles Partner Notification Deadline.

If random pairings are made and the draw is limited, players in the singles draw will be paired with other players in the singles draw first.

12. Selection of Doubles Teams for Limited Size Doubles and Mixed Doubles Events

These selection procedures do not apply to tournaments that use the Dominant Duo format - see specific Dominant Duo Team Tournament regulations for selection process.

A. Level 6 and 7 Tournaments: Selection Process When Doubles and/or Mixed Doubles Offered with Singles. The Tournament Committee will accept doubles teams into the doubles event in the following order:

- i. Teams comprising two players in the singles draw will be accepted.
- ii. Teams comprising one player in the singles draw and one player not in the singles draw.
- iii. Teams comprising two players not in the singles draw.

If there is a tie in the ordered steps above, selection order is based:

- first, on highest combined standings using the most recently published Individual Doubles Seeding List; and
- second, if there is a tie, the team with the player that has the highest doubles standing on the list shall be selected first,

except that no Late Entry and no team comprised of a Late Entry will be selected before a team comprised of timely applicants. Tournaments are NOT authorized to expand the draw size in order to accommodate teams.

Note: This process also applies to Level 5 Tournaments that have delayed deadlines when they are concurrent with Level 3 or Level 4 Tournaments.

B. Level 3, Level 4 and Level 5 Tournaments: Selection Process When Doubles and/or Mixed Doubles Offered with Singles.

Note: This process also does not apply to Level 5 Tournaments that have delayed deadlines when they are concurrent with Level 3 or Level 4 Tournaments – see Regulation 12.A. above and Table 2.

- i. **Team Selection at Time of Singles Selection.** The Tournament Committee will accept all doubles teams comprised of two players that are being accepted into the singles draw. All other teams and singles players without partners will be considered alternates until the following Monday at 5:00 pm.

- ii. **Selection of Additional Teams Following Final Doubles Partner Notification Deadline.**

Following the Final Doubles Partner Notification Deadline at 5:00 pm Pacific Time on Monday following the entry deadline, the Tournament Committee will accept doubles teams into the doubles event in the following order:

- (1) Teams comprising two players in the singles draw will be accepted.
- (2) Teams comprising one player in the singles draw and one player not in the singles draw.
- (3) Teams comprising two players not in the singles draw.

If there is a tie in the ordered steps above, selection order is based:

- first, on highest combined standings using the most recently published Individual Doubles Seeding List; and
- second, if there is a tie, the team with the player that has the highest doubles standing on the list shall be selected first,

except that no Late Entry and no team comprised of a Late Entry will be selected before a team comprised of timely applicants. Tournaments are NOT authorized to expand the draw size in order to accommodate teams.

C. Selection Process for Doubles-Only and/or Mixed Doubles-Only Tournaments. The Tournament Committee will accept doubles teams into the doubles event in the following order:

- first, on highest combined standings using the most recently published Individual Doubles Seeding List of the division; and
- second, if there is a tie, the team with the player that has the highest doubles standing on the list shall be selected first,

except that no team comprised of a Late Entry will be selected before a team comprised of timely applicants. Tournaments are NOT authorized to expand the draw size in order to accommodate teams.

- D. Level 5 Dominant Duo Team Tournaments and Closed Level 4 Mixed Dominant Duo Team Tournaments.** Teams will be selected in the same manner described under Regulation 12.C. *except that* the National Standings List of the division will be used instead of the Individual Doubles Seeding Lists.
- E. Procedure for Calculating Combined Standings of a Team.** For the purpose of determining selection of teams, a team's combined standing is determined by adding the two standings together. For example, if Player A is the #200 player on the list and Player B is the #201 player on the list, the Team of A&B would have the combined standing of 401.

If a player does not appear on the list, that player will be assigned a standing that is equivalent to one lower than the lowest player on the Individual Doubles Seeding List. For example, if Partner C is #1, and Partner D does not appear on the list, and the Individual Doubles Seeding List has a total of 100 players on the list, Partner D is assigned a standing of 101 and Team C&D have a combined standing of 102.

The percentage shall be published on the USTA website. When a team tournament format is played and a player earns ranking points in both doubles and mixed doubles, the total points earned in doubles and mixed doubles at the tournament are used to determine whether the tournament is among the player's best six.

 - Refusal to continue to play a match.
5. *Player defaulted for misconduct or code violations receives no Ranking Points.* A player who has been defaulted for misconduct or code violations under the Point Penalty System shall not receive any Ranking Points that the player had accumulated in the tournament, provided that a doubles player who was not responsible for the default or any of the code violations shall not be penalized.

Regulation IX.J.5. Comment: A player who is defaulted because of a code violation for delay caused by obvious cramping (or another medical condition that makes it difficult to resume play), normally should not lose ranking points.

6. *Retirements.* A player who advances because of the opponent's retirement shall receive Points Per Round for advancing and any bonus points.

K. Treatment of Results in ITF Tournaments by Player Under Suspension by the USTA. A player will not earn ranking points for results in ITF tournaments that count for Junior ranking that are played while the player is under suspension.

L. Matches Generally May Count in Only One Division. No match may count for ranking in more than one division, *except that* results in the Boys' and Girls' 18 Divisions from the USTA National Championships shall be considered in the Boys' and Girls' 18 Divisions, the Adult Open Men's and Women's ranking categories, and the Professional/Adult Open Men's and Women's ranking categories.

The points tables can be found on the USTA website: <https://www.usta.com/en/home/play/youth-tennis/programs/national/resources-for-players.html>

APPENDIX 4: National Standings List Criteria

National Standings List (NSL) Criteria for Inclusion

- Player must meet the age eligibility requirements of the division;
- Player must have played at least one tournament that counts for L1-7 ranking in the division or the next-younger division; and
- Player must have accumulated at least 1 Ranking Point as the result of an on-court win. An on-court win is one that takes place on-court after the start of the match. Matches won by withdrawal, walkover, default, or disqualification prior to the start of the match are not considered on-court wins. Matches won by winning a match point, or if the opponent retires or is defaulted after the start of the match are considered on-court wins.

Method of Calculating NSLs

- 100% of the singles ranking points from a player's 6 best tournaments.
- 100% of the singles bonus points earned at BG18 ITF Bonus-Point Only Events.
- 15% of the ranking points from a player's best 6 doubles and/or mixed doubles tournaments played. (When a Team Tournament is played and a player earns ranking points in both doubles and mixed doubles, the total points earned in doubles and mixed doubles at the tournament are used to determine whether the tournament is among the player's best 6.)
- Ranking Points at the percentages listed above earned in an older age division tournament count towards a player's standing in one or more younger age divisions provided that a tournament has been played in the division and they are among the player's best 6 results.
- 20% of the Ranking Points earned in a younger age division tournament count towards a player's standing in the next-older age division if they are among the player's best 6 results, regardless of whether a tournament has been played in that division.

The order of the NSL is based on Ranking Points earned during the previous 12-month rolling period. When more than one player has the same number of total Ranking Points, tie-breaks on an NSL will be determined in the following order:

1. A player whose best event has the highest number of Ranking Points, second best, third best, etc. through sixth event;
2. Total Bonus Points earned in all events played during the computation period; then
3. Best random draw number.

When National Standings Lists are used to select players for Closed USTA NorCal tournaments, the lists will be filtered to only list players who meet the residency requirements of the USTA NorCal.

When National Standings Lists are used to select players for tournaments that require U.S. Citizenship or certain other Alien eligibility, the lists will be filtered to only list players who meet these requirements.

APPENDIX 5: Seeding Lists

The USTA publishes Singles Seeding Lists that are used to seed junior singles events and Individual Doubles Seeding Lists that are used to select teams, and to seed junior doubles and mixed doubles tournaments. These lists are created using the same criteria as the NSLs (see Appendix 4), *except that*:

- Only the 6 best singles results are used for the Singles Seeding Lists; and
- Only the best 6 doubles and/or mixed doubles results are used for the Individual Doubles Seeding Lists.

APPENDIX 6: Quota into Designated USTA National Championships (Level 1)

USTA NorCal (as are all other Sectional Associations) is entitled to a minimum number of players ("Quota") selected into USTA National Championships listed in the table from the list of timely applicants. This Quota is for 2024 and is re-calculated annually by the USTA based on the total junior registrations each year and strength of each Sectional Association based on the previous year-end Final Ranking List.

Tournament	18 Divisions	16 Divisions	14 Divisions	12 Divisions
USTA National Spring Championships (Easter Bowl)	-	-	-	-
USTA National Clay Court Championships	4	4	4	3
The USTA National Championships (Hard Courts)	4	4	4	3
USTA National Indoor Championships	1	1	1	1
USTA National Winter Championships	4	4	4	3
Additionally, USTA NorCal is entitled to the acceptance of 1 team into the USTA National Doubles Championships in the 18, 16, and 14 Divisions. This tournament is not held in the 12 Divisions.				

NorCal Quota players are selected from a NorCal Quota List that is created using the criteria described below.*

1. Players must meet the requirements of USTA Regulation IX.C.1. to appear on the Quota List (See also Appendix 1 above)
2. Only those players who are residents of USTA NorCal (see Appendix 2) may appear on NorCal's Quota List.
3. The following results will be used to calculate the NorCal Quota Lists:
In the Boys' and Girls' 12 Divisions, a player's best 6 singles results and best 6 doubles and/or mixed doubles results may include no more than 2 singles results and 2 doubles and/or mixed doubles results, respectively, that are from tournaments sanctioned by a body other than USTA NorCal, *except that* an Intersectional Level 2 Team Tournament (see **Regulation III.F.1.**), the USTA Boys' and Girls' 18 National Team Championships, the USTA Boys' and Girls' 16 and 14 Intersectional Team Championships, and the USTA Boys' and Girls' 16, 14, and 12 Zone Team Championships shall be considered as though sanctioned by USTA NorCal.

USTA NorCal Association may not impose a requirement that a player participate in a specific tournament in order to appear on the NorCal Quota List.

**All Sectional Associations' Quota Lists are created using the same criteria.*

USTA National Doubles Championship: The USTA National Doubles Championship accepts one quota team from each Sectional Association into each division (Boys' and Girls' 14, 16, and 18 divisions), provided a timely entry has been submitted.

- NorCal will place the doubles teams finishing 1st through 4th place at the June Sectional Championships in these divisions on its quota lists in place finish order.
- A team comprising at least one of the players in the top four finishing teams may submit a request to appear on the quota list with another player. These teams will be listed below any place finish teams in an order to be determined by the combined doubles rank of the players comprising the team.
- A team comprising any two players with NorCal residency may submit a request to appear on the quota list. These teams will be listed below all other teams in an order to be determined by the combined doubles rank of the players comprising the team.

The Individual Doubles Seeding List will be used to determine the doubles rankings of the players.

Glossary

8-Game Pro Set. An 8-game pro set is a scoring system used in junior ranking tournaments that consists of one set in which the first player to eight games wins the match. A 7-Point Tiebreak is played if the score reaches 8 games all.

7-Point Tiebreak. This Tiebreak game, the first player or team to win 7 points by a margin of at least 2 is the winner. This Tiebreak is played at the end of 6 and 8-game sets to determine the winner of the set. It is also played in lieu of the deciding final set when Short Sets are played.

10-Point Match Tiebreak. The 10-Point Match Tiebreak is played in some matches in lieu of the deciding final set. The first player or team to win 10 points by a margin of at least 2 wins the final set and the match.

Alternate. An alternate is a player who did not make it into the draw but requests that the tournament consider the player for entry into the draw if an opening in the draw develops.

Alternate List. The alternate list is a list of players not accepted into a tournament. After entries close, the Tournament Committee will typically publish an ordered alternate list showing the order in which the alternates will be accepted if there is a withdrawal. The alternate list is ordered using the same method used to select players. For example, if the National Standings Lists is used to select players, the National Standings List is used to order alternates.

Back Draw. This term is commonly used to describe the consolation part of a draw.

Bonus Points. Bonus points are additional ranking points that are awarded for wins over highly ranked players.

“Closed” Tournaments. Tournaments designated as “closed” are open to players who meet the residency requirements in a specific geographic boundary.

Combined Ranking or Standing. A combined ranking or standing is a ranking that is based on both singles and doubles Ranking Points.

Compass Draw. This is a non-elimination format that is so named because players advance in four to eight different directions depending upon when they lose their first match and when they lose their subsequent matches.

Consolation Draw. A consolation draw describes a group of different types of draws in which losers in the main draw play an additional match or matches against other players who have lost a match in the main draw.

Division. Division refers to one or two events in a tournament in which the eligibility criteria are identical. For example, the Girls’ 16 Singles and Girls’ 16 Doubles are two events but only one division because their eligibility criteria are identical.

Draw Format. The draw format refers to the format of the draw that will be played. Examples of this are: Round Robin, Feed-In Championship, Compass Draw, Single Elimination.

Feed-In Championship (FIC). This term refers to a type of consolation draw in which the losers of multiple rounds from the main draw are fed back into a consolation draw. There are two types of Feed-In Championships played in NorCal junior tournaments:

- An FIC that feeds players in through the Round of 16 and includes a quarterfinal playoff for 5th place and a playoff for 3rd place; and
- A Modified FIC that feeds the first two rounds of losers into the consolation.

Flighting. This is a method of distributing players entered in an event into separate draws so that players of the same level are in the same draw and compete against each other. For example, assuming there are four draws (A-D) and 16 players entered, the distribution would be:

Draw A (strongest flight)	Draw B	Draw C	Draw D (weakest flight)
------------------------------	--------	--------	----------------------------

1	5	9	13
2	6	10	14
3	7	11	15
4	8	12	16

Group Seeding. In some cases, the seeding groups will be assigned the same seed number (for example, in the group 5-8, each player in the group would be seeded #5). The NorCal Junior Regulations require seeds in Level 3 Sectional Championships an Open and Closed Level 4 Excellence Tournaments to use alphabetical seeding of the #5-8 seeds and the #9-16 seeds.

Late Entry. A late entry is one that is received after the entry deadline. The Tournament Committee determines whether late entries will be accepted. In tournaments with limited draw sizes, late entries are placed on the alternate list after timely entries in the order received. Late entries received at the same time are ordered by lot.

Main Draw. The main draw is that part of a draw in which the remaining players have not yet lost a match. In a compass draw, the East Draw is the main draw.

Match Format. The match format refers to the scoring format used by a tournament.

Modified Feed-In Championship (MFIC). This term refers to a special form of consolation draw in which the losers from at two or more rounds of the main draw are fed into the consolation draw. In Junior Ranking Tournaments, the only form of Modified Feed-In that is used is one that feeds in the losers from the first two rounds.

National Standings List. This is a monthly standings list of junior players in each age division used for selection and seeding to the extent described in the regulations.

“Open” Tournaments. Tournaments designated as “open” are open to all players, regardless of their residence. All tournaments are “open” unless the word “closed” is part of the title or the tournament is a team competition between teams of players representing Sections or Districts.

Quota. Each Sectional Association is guaranteed a minimum number of junior players who will be accepted into the USTA National Championships. This number is the Sectional Association’s quota. It is based on the number and strength of junior members residing in the Sectional Association.

Quota List. These are lists of players from each Sectional Association used for selection into the USTA National Championships that have Section Quota. See also “Quota.”

Points Per Round. Points Per Round are the ranking points that are awarded in a Points Per Round Ranking System.

Points Per Round Ranking System. This is a method of ranking players or teams that is based on earning ranking points for the round reached, and in some cases, for wins over highly ranked players or teams.

Ratings. Ratings are a system of categorizing or grouping players by their ability. Ratings are based on a player's match results.

Seeding Groups. Seeding groups refer to seeds 3 and 4, seeds 5 through 8, seeds 9 through 16, and seeds 17 through 32.

Short Set. A Short Set tournaments is a set played to 4 games with a 7-point Set Tiebreak played at 4 games all.

Single Elimination Format. In this tournament format, once you lose you are out and do not get to play any additional matches.

Timed Matches (Game Format). A Timed Match (Game Format) format consists of an ongoing set during which the players continue playing games until the end of the specified period of time. The player who has won the most completed games wins the match. If the game score is tied, the player ahead in the game in progress is the winner. If a game is not in progress or the score in the game in progress is tied, one final point is played to determine the winner. The player due to serve the next point shall serve the final point.

Waterfall. This is a method of distributing players into separate draws or teams so that each draw or team is of similar overall strength. For example, assuming there are four draws (A-D) with 16 players entered, the distribution would be:

Draw A	Draw B	Draw C	Draw D
1	2	3	4
8	7	6	5
9	10	11	12
16	15	14	13

The same principle can be used to waterfall players on to teams.

Wild Card. A wild card entry may be awarded by the Wild Card Committee to a junior player to the extent permitted in the regulations. The Wild Card committee is comprised of two members of the NorCal Junior Staff and Chair of Junior Council.

WTN/ITF World Tennis Number. The ITF World Tennis Number (or “WTN”) is a rating system developed by the ITF, the world governing body of tennis, in collaboration with the USTA. Players are rated on a 40-1 scale; beginners start at 40 and the best players in the world are at or near 1. Players have both a singles and a doubles WTN that is calculated and updated weekly using millions of matches played worldwide.
